Obtaining and Redeeming Your Azure Pass

To launch and complete the Online labs for this course you will first need to create an Azure subscription:

1. To be assigned an Azure Pass, click on the â€œObtain Azure Passâ€ button below.

2. This will open a new window in your browser.

3. Copy down your Azure Pass and follow the directions for redeeming it.

4. Once you have created your trial Azure Subscription, you will need to follow the directions in each of the Lab module in this course to launch the lab environment.

Note: You only need to click the â€œObtain Azure Passâ€ button once. If you click the button again after already being assigned an Azure Pass, our platform will recognize this and will present you with the same Azure Pass number.**
